## 10-YEAR BOY INJURED ON BRIDGE

Victim of Auto Accident While Fishing From Bi-County Span, Wednesday.

Richard Bourgeois, 10 years, is lying at Bay St. Louis King's Daughters' hospital this Thursday noon still unconscious since he was struck Wednesday morning while fishing from the bi-county vehicular bridge, on the Harrison county side.

Unable to be moved for an X-ray picture, it was said at the hospital the exact injury was not determined, however, the popular theory is that he is victim of brain concussion.

Visitors to the scene report that the lad was fishing from the pedestrian walk of the bridge, standing at a place in front of an automobile owned by Chief of Police William Hobbs of Bay St. Louis, who had gone out for the moment to convey back members of his family who were fishing. The Hobbs car was facing the west. Another car was traveling from the Bay St. Louis direction towards a truck that was coming from the Henderson Point direction. In order to escape colliding with the oncoming automobile, and another boy fishing from the wrong side of the bridge, the driver of the truck, J. W. Bolling, said he swayed to the side and struck the Hobbs car, which was partially wrecked, and which then struck the lad. The truck was reported as belonging to Salvador Bertucci of Gulfport. It too, was damaged.

Richard Bourgeois is a son of Louis S. Bourgeois, Jr., who resides in Uman avenue, adjoining the filling station in course of construction. His father is a traveling representative for Dameron-Pierson of New Orleans and moved here from New Orleans about a year ago. He is a nephew of Miss Agnes Bourgeois, stenographer-clerk at the courthouse, and a grandson of the late Supervisor L. S. Bourgeois, of Waveland.

Dr. Wolfe is in charge of the case. As The Echo went to press the boy's condition remained unchanged.

## REV. RICHARD LANG, NATIVE OF COAST, SAYS HIS FIRST MASS

At Long Beach Sunday—Reception Follows—Dinner to Clergy and Reception at Pass Christian.

The Rev. Richard Lang, C. M., said his first solemn mass Sunday morning at St. Thomas Catholic Church, Long Beach, before a congregation composed largely of friends and relatives which filled the church to capacity. The clergy vested at the rectory and formed a procession to the church led by Jeff Fayard, cross bearer, and two acolytes, Frank DeLorence and Joseph LePreto. Twenty sanctuary boys and twenty little girls dressed in white and wearing wreaths and veils followed the acolytes. Benjamin Caruba carried the patina on a silver tray. John Hire Lang, nephew of Rev. Lang, carried the chalice tied to a white satin pillow.

Rev. Thomas Lilley, pastor at Long Beach, assisted as arch priest; Rev. William Leech, Biloxi, as deacon; Rev. Thomas Hayes, Pass Christian, as sub-deacon. Rev. Joseph Despit, Cape Girardeo, served as master of ceremonies and Mr. Screen, as assistant.

In the sanctuary were Rev. A. J. Gmelch, Bay St. Louis, and Rev. T. J. Reynolds of Kendrick Seminary, St. Louis, who preached the sermon. St. Thomas church choir sang the various parts of the mass.

## Reception at Long Beach

After mass a reception was tendered Father Lang and to all members of St. Thomas parochial school who were students during the time Father Lang attended this school as a boy. He is now 26 years old.

Members of his class were honor guests. Arrangements were made by Sister Mathilde and Sister Raymond, New Orleans, former teachers of Father Lang. Miss Helen Graham made the welcome address and presented a gift to Father Lang from his former classmates. Daisies and ferns were used in decoration. About 80 attended.

## Dinner and Reception at Pass Christian.

Following the reception at Long Beach, where Father Lang's father resides (his mother having died only a few years ago), a dinner to the clergy was held at the home of Father Lang's grandfather, Mr. John H. Lang at his home in Pass Christian.

This dinner was only for the clergymen, of which the Very Rev. A. J. Gmelch of Bay St. Louis was one of the number and sat at the honor table.

Miss Jane Lang, daughter of Mr. John H. Lang, and aunt of Father Lang, supervised the dinner from behind the scenes, assisted by close lady friends of Pass Christian. Mr. Lang and daughter, Miss Jane, had gone to Perryville, Mo., the week previously to see their kin ordained to the priesthood.

Following the dinner hundreds of people visited the Lang home at Pass Christian—from all sections of the Coast—to pay tribute to and do honor to the young man who studied over a period of many years and achieved a cherished goal.

## W. P. A. Library Notes.

An appreciative audience listened attentively to an excellent review of Gwen Bristow's latest book, "The Handsome Road," by Mrs. Warwick Aiken, on Tuesday at the Parish House on Carroll avenue.

Mrs. Aiken not only has personality, but combines a keen wit and clever insight into the author's thoughts in a manner charmingly unusual.

Our thanks to the lady in question for a delightful morning's study.

The library at Waveland is to be reopened soon. Any suggestions for new books from our summer readers will be appreciated.

Roosevelt popularity trend declined for the eighth month in a row, survey shows.

## Reconditioning Shrine Our Lady of The Woods At S. J. A. (Convent.)

The statue at the Shrine of Our Lady of The Woods, St. Joseph Academy, has undergone a transformation by the touch of the artist's brush, and the place has been partially latticed to afford protection from the elements.

Funds for this purpose were raised by private subscription in order the much-needed improvements might be made. However, there is still lacking the necessary amount and voluntary contributions will be thankfully received at the convent.

The story of the shrine is well known and its perpetuity is to be desired. The Rev. Stanislaus Buteau, first pastor of the Church of Our Lady of the Gulf, was in the midst of a tempestuous voyage to his beloved native land of France—with all rigging of the vessel gone. If the ship was saved and all aboard landed on shore, the zealous pioneer promised he would build the shrine. That was in 1843. The statue is of plaster paris, made in France, with no reinforcement and has stood the ravages of time in open space well nigh a century.

The late Sister Clotilde had the care of the shrine in charge. After her recent death its care fell to new hands.

Will you contribute your mite to the sisters?

## Theater Chairs Don Summer Garb at A. & G.

Patrons of the A. & G. Theater note the seats of the A. & G. Theater have been fitted with back covers of strong but sunny-like material that make for cooler seating and for more comfortable movement, an innovation that is generally welcomed.

Patrons were also highly pleased with the Sunday-Monday presentation of "Goldwyn Follies," a film of unusual beauty in the soft and glowing color treatment and carrying quite a variety of artists and program numbers. This is one of the big films of the season and is receiving unanimous acclaim wherever shown.

## PROTECTING YOUNG CHILDREN

As a further protection to the children assembling in the City Hall park local authorities have had both fountains on the grounds neatly enclosed with a guard railing, covered with pickets. The city is to be commended for its thoughtfulness and its promptness in providing such protection.

The city's new park, with its WPA contribution to recreation equipment, is proving popular and the place is never without a number of folks enjoying the advantages for which the place was created.

## HIGHWAY HEAD TO VISIT

and other prominent citizens will be invited to be present. There will also be a delegation from Piquette representing the Chamber of Commerce and other organized bodies, as well as representative of the Bay St. Louis Chamber of Commerce.

The outstanding object of the invitation and purpose of visit will be to seek the black topping of the roadway by the State from Poplarville to Bay St. Louis thru way of Kiln in order to furnish a more direct route of hard surfaced roadway to Bay St. Louis and the Gulf Coast. The matter will be personally called to the attention of Commissioner Patterson and he will be asked to bring the necessary pressure and influence to grant the attention sought.

## MAKING ROOM FOR THE NEW

City Colored School Building Demolished to Make Room For \$17,000 Structure.

Work of demolishing the city colored school, the Valena C. Jones, was started Monday morning, as scheduled and stated in last week's Echo, began in earnest bright and early. Gradually the building has been taken apart and 'til nothing practically remains of the structure. Much of the material will be salvaged, said the engineers and superintendent in charge, and used for the new building.

The structure to rise in place of the old will be only one story, frame, and because of its extreme width will face the Old Spanish Trail rather than on St. Francis street as formerly.

In order to accommodate the wide building it was necessary to acquire a strip adjoining the city property. The land wanted and needed was owned by the H. Weston Company's interests and they, in turn, knowing the city needed the land, public spirited, sold it for a mere pittance, \$250.00, easily worth four times the price. The building is to cost \$17,000.

City Commissioners, the mayor, city school superintendent S. J. Ingram and members of the school board of trustees, are elated over the prospects of a new school building. It will not be ready for the opening time of schools this fall but sometime next year, it was said. Private halls about town will serve for class rooms.

There is an air of satisfaction about the city hall and over the city as well since the latest news from the Hospital for Crippled Adults at Memphis, has told Commissioner H. Grady Perkins that his condition was not as serious as it was feared. The staff of doctors have ordered a brace for the ailing leg and Commissioner Perkins is to return home. Later, he will return, possibly in the fall, when a simple operation of adjustment will be performed.

It will soon be time to pay for waterworks service. The city collects its rental for water on the usual basis, from July to July. Commissioner W. L. Bourgeois has been busy getting notices and bills ready for consumers over the city.

The water supply is copious, pure and fortunate is the city to be so well equipped. During the past years the system has been extended over a wider territory and larger mains placed in several sections of the city, principally along Court street.

Mayor and Council are ever interested in the water supply both for domestic purpose and fire protection. Our system is quite a valuable asset and price of service to consumers is quite moderate.

The city, wishing to better guard the health of the city, and to provide for better and more frequent collection of garbage, has instituted an every-other-day collection over the city, instead of twice per week only. Housewives and others, the tax-payers generally, will rather welcome this extra service and at no extra charge or obligation.

## 'Snow White' Film Scores Heavily at Gulf Theater.

Manager Ortte scored quite a success in the 3-night and day presentation of the master color film of "Snow White and the Seven Dwarfs" Walt Disney's new creation.

The Gulf Theater gave matinees Saturday, Sunday and a special matinee Tuesday. And on each of the three nights presented the film to capacity houses.

"I was well satisfied with the generous manner in which the film was received and the patronage well justified the risk of bringing so expensive a picture to the local screen," said Manager Ortte.

## Maccabee Regular Meeting And Fish-Fry, Thursday.

## Coast Entertains Mrs. Adah Helms, Worthy Grand Matron, O. E. S.

Gulfport, Miss., June 14.—Past Matrons Club of the Eastern Star, Gulfport, entertained with a boat ride to Ship Island Friday afternoon honoring Mrs. Adah Helms, Clarksdale, worthy grand matron of the Grand Chapter of Mississippi. In the party were four other grand officers: Mrs. Tom Q. Ellis, Jackson, Grand Adah; Mrs. Connie Gates, Clarksdale, Grand Electa; Mrs. Louise Turner, Clarksdale, district deputy grand matron of district 3; and Mrs. H. C. Lucas, Long Beach, district deputy grand matron of district 20. Others in the party were Mesdames W. G. Jones, L. C. Heideberg, J. R. Martin, M. M. Duote, J. E. Stegall, Owen Shepherd, D. M. Stacks, W. E. Litton, John Galoway and Misses Maurine Jordan, Miriam and Levia Engman, the last named two from Bay St. Louis. The trip was made aboard the Uranus and the party landed at the quarantine station. Some went surfing and others collected shells as souvenirs. Supper was served aboard the boat on its return. Mrs. Galoway and Mrs. Jones, dressed in antique bathing suits, served the supper. Mrs. Jones, as president of the club, presented a cookie jar to Mrs. Helms from the club. The prize fish "story" was told by Miss Maurine Jordan. Quoting nursery rhymes was one feature of the entertainment after supper.

Not only as a matter of convenience but further measure for sanitation, the board of mayor and commissioners met in conference Monday and passed an order enlarging the service of collecting garbage over the city.

Heretofore this service has been in force on Wednesdays and Saturdays. In future a city-wide collection will be made every other day and the objective of keeping the city clean and healthful will be intensified more than ever. Collection days are Mondays, Wednesdays and Saturdays.

Our city has a most unusual service in this line of public work. The force of men employed are not only efficient but particularly obliging and we hear nothing but praise of the men who conduct the work of making Bay St. Louis a better and more healthful place in which to live. Housekeepers and others will take notice every other day service now goes into effect and there will be no need of keeping kitchen refuse and yard accumulation over two days, at least.

## Seaford Commission To Plant 48,000 Barrels Of Oyster Shells.

The Mississippi Seafood Commission will plant 48,000 barrels of shells on Biloxi Back Bay reefs started this week.

The WPA has a force of men engaged in this work and will increase the number later. Mississippi coast packing firms will turn the shells as part of their return from the cove and raw oyster season.

The project is under direction of chief inspector Charles Wentzell.

Cronovich Has Fine Lead For Second Primary.

A second primary will also be necessary in the race for city marshal, where the vote was as follows: George J. Cronovich, incumbent, 260; William McDonald, 218; Levi Sprinkle, 109, and Jeff Sims, 67.

Martin Farrell, city clerk, was renominated without opposition.

## Interesting Incident

W. A. McDonald's Trip To Tennessee Homeland

Mr. W. A. McDonald, senior member W. A. McDonald & Sons, has returned from a vacation trip to his old home at Middleton, Tenn., where he visited scenes of his childhood, kin and friends of other days, a trip he always enjoys and to the scenes of happy reminiscent memory.

While at Middleton, Mr. McDonald journeyed down to a point thirty miles where he heard the son of the late U. S. Senator E. W. Carmack make a campaign address in the interest of his candidacy for the Senate, on a platform "all his own," says Mr. McDonald. "It was the pleasure of meeting the son of a brilliant man who I had admired for years, first as editor of the Commercial-Appeal, of Memphis, who became congressman and later member of the United States Senate. He was a most brilliant man, an able statesman and his 'assassination' as a result of politics brought to a close a career without parallel," said Mr. McDonald.

Mr. McDonald met the young man, who now has a family and whose hair is beginning to gray, as he expressed it. "I told him of my admiration for his father and the high regard in which I held his memory. In fact, I told him that immediately after the assassination I wrote to the official photographer of the U. S. Senate for a copy of a likeness of his lamented father. About six or eight weeks later I received the copy, a splendid picture. I had it framed and ever since, over twenty-five years ago, possibly thirty years, it has hung from the same nail in the same place in my sitting room at home."

This was interesting to the son and quite a co-incidence he would meet one of his father's ardent admirers after so many years and while on a visit back home.

The present Carmack is owner-publisher of a newspaper at Murfreesboro, Tenn., and is going to follow his father's footsteps in carving a name for himself, indelibly and high on the scroll of fame and enduring history, said Mr. McDonald.

## THE PERILS OF SUMMER.

FOR the benefit of those people who have jobs to take vacations from this summer the United States Public Health Service has issued a list of hints for the preservation of health away from the office, says the Jackson News.

The service advises:

Wear light clothing but watch out for the sun.

Be careful of the food you eat and the water you drink.

Protect your eyes.

Avoid mosquitoes, flies, and wood ticks.

Drink salty water in hot weather.

Which is all right as far as it goes. But also, vacationists, if you want to keep your health:

Don't give lifts. Don't accept them.

Don't use tree stumps as ash-trays.

Don't tell the cop the traffic rules in your town make more sense.

Don't carry away the hotel towels. Don't tell your wife how she looks in knickers.

Don't make wreaths of poison ivy, even if it is pretty.

Don't afflict your friends with bromidic sentences on postal cards.

Don't drive more than 400 miles per day or hit the highways at 70 miles per hour unless you have a friendly feeling for the undertaker who is also suffering from depression.

If you travel via rail, don't try to carry in your luggage everything you possess.

Don't expect high-class hotel service at hot dog stands.

## FOREIGN LOANS IN DEFAULT.

OUT of about five and a half billion dollars that the American people loaned on foreign bonds, about forty percent was in default at the end of last year.

This is the report of the Foreign Bondholders Protective Council, Inc., which points out that Latin-America, with eighty-five percent of its dollar obligations in default, leads the list of those who are not paying their loans to this country.

Figures like these ought to convince Americans that the best place to invest their money is inside the United States. While investors have suffered losses in this country, the loss has not been anything like the forty per cent figure of default on foreign bonds.

## SAYS THIS IS A WOMAN'S WORLD.

OUR friend, Mrs. Marry Dawson Cain, editor of the Summit, Miss., Sun, discredits the expression "this is a man's world."

During the course of an address this brilliant young woman, author and poetess, told the annual convention of Pilot International at Biloxi last week that it is in reality a woman's world. Woman, she said, has been first in originated every profession in the world.

It would be ungracious to tell Mary to the contrary.

However, may her type increase.

## CENTER OF WORLD'S PICKLE INDUSTRY.

CITIZENS of Wiggins, in Stone county, "the home of the largest exclusive pickle packing plant in the United States," are working as one on last minute preparations for the Second Annual Stone County Pickle Festival to be held there June 16 and 17, with Miss Virginia Batson reigning as queen. The committee has the Echo's thanks for a supply of Wiggins' pickles, the kind we would like above all others.

## WILL PLAY HAVOC WITH SHERIFFS

OSCAR EMMERICH, sage of McComb, says the home exemption law will play havoc with the sheriffs of Mississippi. Sheriffs collect a commission on collected taxes. Home exemption means about four million less taxation to collect—about \$200,000 in commissions dropped from the income of the 82 sheriffs in Mississippi.

## THEN AND NOW.

HOW times change. An exchange recently called attention to the extravagance of the government allowing congressmen to send their constituents a packet or two of free seed. The law permitting this expenditure was repealed in the interest of economy.

Today the government is spending billions.

Senator Pat Harrison's name for the Presidency is mentioned more frequently and prominently than any other potential possibility in the country.

Gulf and Ship Island Railroad Company, operating between Jackson and Gulfport, gives notice that beginning on a given date in July there will be only one passenger train in operation each way daily instead of the double train service. Falling off of business attributed to the reduction.

## THEATER PATRONS RESENT SCREEN ADVERTISING.

WARNER BROTHERS, largest motion picture producers in the world and owners of hundreds of cinema houses in the larger cities of the country, announce that no commercially sponsored film can henceforth be shown in any theater which they control, declaring that they consider the newspaper as primarily the proper place for advertising.

No advertising of any sort will hereafter be permitted in a Warner theater, according to the announcement.

The action is based on a poll of theater patrons who voted overwhelmingly against screen advertising.

Discussing this action, the Greenville Delta Star says:

Newspapers do not as a rule criticize such advertising because they lay themselves open thereby to the answer that they are merely trying to secure that revenue for themselves. But there's no use in hiding the Warner Brothers' light under a bushel. As a movie goer, we're glad that somebody has taken action. As a newspaper editorialist, we won't express ourselves any more strongly than that, for the reason above mentioned. We'll bet most of you are glad to hear about this. If the theater chains play follow the leader as readily as the production end of the business does, we might expect a "cycle" of relief from screen advertising. Here's hoping.

It is expected that other producers and theater owners will rapidly follow Warner Brothers' lead, and that a substantial revival in theater-going will result.

The average movie-fan is sick and tired of screen advertising. So tired, in fact, that he actually resents the screen ads and the advertising films.

And it is to be hoped that increased attendance will more than offset any loss the theaters may sustain in advertising revenues.—West Point Leader.

## OUR BEACH FRONT IS CHIEF ASSET.

THERE should be a united action to keep our beach from unsightly buildings, not to allow any condition arising from lack of co-ordination of order. The beach front should be subjected to a constant campaign of intense beautification.

It is the front yard of our community. The show place of this section. Any condition unsightly not only mars but detracts from value and proves a serious detriment to the resort feature of this section.

People come to Bay St. Louis and the Gulf Coast not only because of the water and climate and many outdoor features but because the Coast is a place of natural beauty. Signboards, bill boards and cheap advertising devices defeat this purpose. Unpainted and unkempt buildings detract appreciably. People do not flock from the cities and other places to view such condition. They come for beauty and allurements; to enjoy the charm of this enchanted land; to linger and leave with fond memories.

We note the municipality does its share in ample measure by keeping the boulevard free from litter and accumulation of whatnot.

Does the property owner cooperate? In great measure the reply is in the affirmative. But there remains lots of work to be done. There should be no letup. The result is well worth it. The price small.

## MISSISSIPPI 187 STUDENTS AT TULANE.

TULANE university's student body during the session just ended was comprised of 3920 young men and women from 43 states and 14 foreign countries and United States possessions, Dr. Rufus C. Harris, president of the university, announced Saturday.

The enrollment figure, which excludes the summer session, is the largest in the history of the institution. It represents an increase of 387 over the 1936-37 session and 883 over the 1933-34 session and 883 over the 1933-34 session, the Tulane president stated. Seventy-one per cent of the student body was from Louisiana and 29 per cent from outside the state. Distribution was the same during the 1936-37 session.

New Orleans contributed 2413 students while the rest of Louisiana sent 370 to the university. Mississippi led the other states with 187 students and Texas and Alabama followed with 158 and 120, respectively. States not represented were New Hampshire, Vermont, Oregon, North Dakota, and Delaware. Seventy-nine students came from outside the United States.

Mississippi offered to put up \$500,000 cash for erection of the laboratory—one of four authorized for the United States—in Mississippi. The entire Mississippi congressional delegation joined the state group in presenting the bid.

## WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

### LIGHT VOTE THIS YEAR IN MISSISSIPPI.

(West Point Times-Leader)  
INDICATIONS are that the vote in the Mississippi Congressional elections this year will be the lightest in a long time, and all because so many people have failed or neglected to pay their poll taxes.

A two-dollar annual poll tax is required of every adult citizen between the ages of 21 and 60—and those who fail to discharge this obligation to their government are disfranchised by the Mississippi constitution.

Primarily, the reason for poll tax payment is based on the interest that every citizen should maintain in governmental affairs. Under our system in order that a citizen may exercise his voting franchise he must pay his poll tax.

Regardless of the merits or demerits of the poll tax requirement as a prerequisite to voting we are operating such a method is our procedure now. The citizen who does not pay his poll tax finds himself in an indefensible position if he attempts to criticize the administration of government. If he leaves himself in a position where he cannot exercise his voting privilege he has no basis for complaint.

Equally important is the fact that poll tax money paid in Mississippi is used for support of our public schools. Here in the city of West Point the schools received only \$1,100 in poll tax money last year. And this, despite the fact that we have within the city limits, more than 2,000 adult citizens, between the ages of 21 and 60.

It is a mighty poor citizen who is not willing to contribute \$2.00 a year for the support of the schools in the community where he or she resides.

### THE INCONSISTENCY OF OUR LAWS.

(West Point Times-Leader)  
THE Vicksburg Evening Post believes that automobile driving should be taught in our schools, and says:

It's breath-taking, the number of remarkable ideas people get that provoke the reaction: "Now why didn't somebody think of that one before?"

Dr. Ray Lyman Wilbur, president of Stanford University, got a good one the other day. He suggested that the training of automobile drivers begin in childhood.

Which is certainly worth giving a whirl, at least.

The trouble is that the Mississippi law prohibits those under the age of fifteen from driving automobiles even in school.

Many boys and girls under fifteen may be better qualified to drive an automobile than some of us adults. We know at least one boy of 13 who is an excellent driver, who knows and observes the rules of the road, and who has never had an accident of any sort.

Under the Mississippi law, however, the liability insurance on your car is void, if the driver is under legal age—and if your boy or girl has an accident, we are mighty sorry for you in the event you have to defend a damage suit.

Nearly every day we meet on the roads half-wits and morons at the wheel of automobiles and trucks. They are more than 15 years of age, and are thus qualified to drive under the Mississippi law.

Echo editor's note: Quite a number of boys, under age, drive automobiles in and about Bay St. Louis—a violation of law.

## SUPREME COURT RENDERS DECISION FOR HARRISON CO.

Grants Board of Supervisors Of Sister County Right To Transfer Money From Seawall to General Fund.

The Supreme Court at Jackson Monday ruled that the Harrison County Board of Supervisors could transfer \$67,695 in surplus funds in a seawall bond and interesting sinking account to the general county road fund.

The proof showed collections paid into the seawall fund totaled \$203,191, which was more than sufficient to meet bond and interest requirements for the year.

The county board had ordered the surplus transferred to the general road fund but the clerk of the board refused to act without a court order, asserting he had no authority.

A mandamus writ was obtained in the circuit court requiring him to make the transfer and this order was upheld by the Supreme Court.

"Any surplus funds can and should be applied on the general county highway fund," the Supreme Court said, "giving preference to the state highways which have not been taken over by the State Highway Department."

### DADDY'S DAY

We wore our roses, white and red,  
For all our mothers, living, dead,  
With equal fondness, let us pay  
Our tributes to our dads today.

For every father, everywhere,  
Let every son and daughter wear  
Some little symbol to impart  
The deep devotion of the heart.

Each dear old daddy on this earth  
Is just as full of soul worth  
And just as winsome in his way  
As any mother any day.

His face and form are not so fair,  
He lacks her lovely hands and hair.  
He cannot match her voice and smile,  
Her beauty beats him, mile on mile.

Though less sublime in grace and charm,  
His love is just as live and warm,  
His touch as tender to caress,  
His life as full of loveliness.

For those he loves he slaves and sings,  
He builds a love-nest and he brings  
His daily earnings with delight,  
To keep his hearth-fire burning bright.

He seldom seems to think of self,  
He toils for plenty and for pelf  
To gratify each want and whim  
Of those who make the world for him.

If he is young, he dreams of days  
When his may walk in golden ways.  
If he is old, his heart is glad  
To be a dear, indulgent dad.

Despite his sweet, unselfish zeal,  
I wonder if he does not feel,  
When recompenses are reviewed,  
The sting of gross ingratitude?

Let every son and daughter wear  
For every father everywhere,  
Some little symbol just to say,  
"I LOVE YOU DADDY, EVERY DAY."

in future to provide for the payment of said maturing bonds and the interest thereon; and

Whereas, in order to meet any such deficiency it would be necessary to levy an increased ad valorem tax upon all taxable property in Hancock County; and

Whereas, there is now being levied upon all taxable property in said County, for general county purposes, and for school purposes, an average rate of 50 mills on each one dollar of assessed valuation of taxable property in said county; and

Whereas, the said Board does now find and determine that an increase in said tax rate would place upon the taxpayers of the County a heavy and confiscatory burden and would result in greater delinquencies in the payment of taxes; and

Whereas, heretofore, to-wit: on the 25th day of March, 1938, the Board of Supervisors of Hancock County, Mississippi, did make and enter into a contract for and on behalf of said County, with Messrs. Walton and Jones, Messrs. Wiggins and Company, Messrs. Leland Speed Company, all of Jackson, Mississippi, and M. A. Saunders & Company, Inc., of Memphis, Tennessee, under and by which the aforesaid parties have undertaken to solicit the surrender of all of the aforesaid outstanding bonds in exchange for refunding bonds of said county, bearing interest at the rate of five per centum (5 per cent) per annum and maturing over a longer period of time, with smaller annual maturities of principal; and

Whereas, said Board of Supervisors does now further find and determine that the refunding of all of the aforesaid outstanding Road and Bridge Bonds would be the best interest not only of Hancock County but of the holders of the aforesaid outstanding bonds; and

Whereas, the said County is authorized under and by virtue of Chapter 143 of the Laws of Mississippi of 1934, to issue the refunding bonds of said County for the purpose of refunding the aforesaid bonded indebtedness, whether such bonded indebtedness shall at the time of such refunding be due or to mature in the future, and regardless of whether of not the issuance of such refunding bonds shall create a total bonded indebtedness of said County in excess of the now existing statutory debt limitation, and is authorized to issue such refunding bonds in sufficient amount to pay and retire all of the aforesaid outstanding bonds, whether matured or to mature in the future, and is authorized so to do whenever funds available for the payment of said outstanding bonds are not sufficient to pay the same and the interest thereon when ever they may mature; and

Whereas, said Board of Supervisors does now find and determine that provision should now be made for the refunding of all of the aforesaid outstanding Road and Bridge Bonds of said County;

Now, therefore be it resolved by the Board of Supervisors of Hancock County, Mississippi, as follows:

Section 1. That, for the purpose of refunding the outstanding Road and Bridge Bonds of Hancock County, Mississippi, aggregating the principal amount and sum of Two Hundred and Eighty-eight Thousand and Eighty-eight (\$288,000), which said bonds are more fully set forth and described in the preamble to this resolution, there shall be and there are hereby authorized, ordered and directed to be issued the refunding bonds of said county in the aggregate

#### Taylor School Canning Activities.

Through the generosity of the public, the canning for Taylor School lunches has had a most successful start.

The workers, Mrs. Allyne Sylvester and Mrs. Emily Messich do want all the friends of Taylor School to know they sincerely appreciate their interest and that their donations are being used to the greatest advantage. They have 145 quart jars filled and with no organized sponsorship it shows that the unselfish spirit of the people is quite evident. One friend has made it possible that we have all containers needed for the canning of next year's lunches in this location and by filling these with wholesome and nutritious foods the children will receive most appetizing and body building lunches.

The workers hope to have a convenient and cheerful place to serve their lunches next year and will endeavor to secure aid in locating or building a suitable place.

The gesture was complimentary to Miss Noel Calhoun and Mr. Joseph J. Morris who are to be married at the Church of the Immaculate Conception, New Orleans, on Wednesday, June 22 and claiming wide interest both in New Orleans and the Gulf Coast. The bride is a daughter of Dr. and Mrs. Calhoun of New Orleans and a cousin both to Mrs. Gex and Mrs. Buckley.

##### GARRISON-BLAIZE WEDDING AT N. O. LOVELY AFFAIR.

A wedding claiming considerable interest in Bay St. Louis and in New Orleans as well took place in the latter city on Saturday morning, June 11, 1938, when Mr. James Brown Garrison, of New Orleans and Bay St. Louis, and Miss Anna Mae Blaise, of New Orleans and Bay St. Louis, were married during a nuptial mass ceremony at the Church of the Sacred Heart, Canal street, New Orleans.

This unusually handsome edifice was decorated along the middle aisle with tall pedestal-like baskets carrying gladioli in pink and snap dragon blossoms in white, interspersed with tall candelabras, carrying lighted tapers. The sanctuary and high altar where the ceremony took place was similarly decorated. The bride was a vision of loveliness. Her well known beauty and native charm and manner were enhanced by her attire. She wore a flaring white net dress with train. Her veil of tulle illusion was caught with lilies of the valley and she carried a bouquet of the same delicate blossoms.

She entered the church leaning on the arm of her father, Mr. Victor D. Blaise and was met at the altar by the handsome young groom who in summer attire wore a suit of white.

The maid of honor, Mrs. V. D. Blaise, Jr., sister-in-law of the bride, wore a lavender marquisette over taffeta, carrying a cascade of pink gladioli and rose buds and wore over her head and face a lavender veil and a spray of flowers in her hair similar to the flowers she carried.

Mrs. George Macheca, sister of the groom and Miss Virginia Eagan were the bridesmaids. They were attired in chateausse marquisette over taffeta and each carried a cascade of yellow gladioli, with yellow veils and spray on top of head of the same kind of flowers carried.

The flower girl, Patricia Klein-peter, wore a lavender marquisette taffeta, carrying pink rose buds. The cane bearer was Master Bruce Blaise.

Best man was Mr. John Garrison, brother of the groom; groomsmen, Mr. James S. Blaise, cousin of the bride, and Mr. V. D. Blaise, Jr., brother of the bride.

Following the ceremony many guests assembled at the home, 4331 South Carrollton avenue, where Mr.

Blaise, father of the bride, entertained at a reception during the noon and afternoon.

It required a room to carry the many wedding presents on display, handsome and of intrinsic value as well testifying to the popularity of the young couple.

Later in the afternoon the bridal couple left for a trip to the West with Yellowstone Park as their ultimate destination.

##### GARDEN PARTY BY MRS. M. A. PHILLIPS AND MRS. W. CATCHINGS.

The lovely grounds of the W. J. Gex, Jr., estate lend themselves admirably to the setting for a garden party. Mrs. M. A. Phillips and Mrs. Wallace Catchings were co-hostesses to such an affair Wednesday afternoon from 5 to 7 o'clock.

A long table, set under spreading oak boughs, was decorated with cut Radiance roses of pink, in keeping with the color scheme of pink and green. From here punch was dispensed, dainty and tempting sandwiches and cake served.

Serving girls were Misses Lagnelle Arceneaux, Vivian Prague and Mary Virginia Terry.

The hostesses wore long party dresses—Mrs. Phillips in a peach colored lace, while Mrs. Catchings wore a lace of azure blue, both strikingly handsome.

Assisting in receiving and presiding at the punch table were Mrs. Walter J. Gex, Jr. in a mauve and white with tiny figure pattern, Mrs. Lucien M. Gex in blue Georgette crepe, Mrs. Sidney W. Prague in gray and wearing in harmonious contrast a corsage of violets.

##### SHOWER FOR MISS MONIE ANDERSON TO WED L.T. CLYDE W. SYLVESTER.

Miss Monie Anderson, whose engagement an approaching marriage to Lieutenant Clyde W. Sylvester of Townsend, Tennessee, has recently been announced, was the honor guest at a miscellaneous shower, at the home of Mrs. George Anderson, with Mrs. Anderson, Mrs. Jas. H. Sylvester, and the members of the Business Girls Circle of the Missionary Society, as co-hostesses. The lawn, with its setting of moss covered cedars was beautifully decorated with baskets of flowers and ferns. A white latticed trellis entwined with ferns and pink and white oleanders formed the background for the seat of honor where Miss Anderson accompanied by her mother and Mrs. W. O. Sylvester, mother of the groom was escorted. Little Miss Rosemary McDonald of Gulfport rendered a special dance, and each guest wrote her favorite recipe. A small CCC truck arrived loaded with presents which were opened and displayed among the guests, after which delicious refreshments were served by Misses Alice Vivian Evans, Mary Kittrell, Rena Nelson, Ann Ingram, Jo and Lillian Olson. Miss Anderson was attractive in a pink marquisette and lace dress and large leghorn hat with accessories to match and wore a corsage of white gladioli.

The affair was largely attended and was given al fresco. The yard was decorated and presented a most festive aspect. The shower cleverly carried out and many were the gifts from friends of both contracting families.

This wedding will be one of the outstanding affairs of the June month season.

##### MRS. WARWICK AIKEN REVIEWS GWEN BRISTOW'S "THE HANDSOME ROAD."

The new and spacious parish house of Christ Episcopal Church lent itself admirably to the large and intellectual group that assembled Tuesday afternoon to hear Mrs. Warwick Aiken's review of Gwen Bristow's new book, "The Handsome Road."

Mrs. Aiken was fittingly introduced by Mrs. J. Roland Weston representing the WPA Hancock Library of Bay St. Louis under auspices of which the review was presented.

Speaking over an hour Mrs. Aiken's review seemed to occupy only a small fraction of that time, so interestingly did she unfold the story of that period of the South preceding the civil war, during its progress and reconstruction days. The sequence was in perfect thread with the book.

The outstanding feature of the review was Mrs. Aiken's interpretation of the characters, delineating each and also her interpretation of the book—its spirit and background.

Delivered understandingly the review was another of the delightful of the series presented each month by the local library and the large attendance well served as an earnest of appreciation by the community.

##### "Prison Nurse"

Saturday, June 18, brings one of the most daring stories of the Big House over written; one that reveals the sheer, stark drama that is carried on within prison walls each day. "Prison Nurse" is the story of two young people who fight to achieve their end and which comes in a smashing climax. Henry Wilcox and Marion Marsh head a grand supporting cast. Also second chapter of "Zorro Rides Again."
